

EVIDENCE-BASED DESIGN ACCREDITATION AND CERTIFICATION: The next step in your career path

Let clients know that you have the expertise to implement evidence-based design into healthcare construction, renovation, expansions, and replacement facilities projects — become EDAC certified!

Take the EDAC exam on Wednesday, March 7, 2012 at the Phoenix Sheraton — register by **February 3** and use code **PDC12** to receive 10% off the exam price. Space is limited so don't delay!

Benefits of becoming EDAC certified include:

- Increased value with potential employers and clients
- Public recognition of your expertise
- Skills to incorporate the newest findings into projects
- Credibility when justifying expenditures associated with design decisions and innovations
- Ability to share a common language
- Ability to create new research and add to the body of knowledge to advance the industry
- Visibility on a roster of certified EBD professionals
